

ICARE Eye Hospital & PG Institute

ANNUAL REPORT | 2022-2023

www.icarehospital.org
www.icarelasik.com
www.ishwarcharitabletrust.org

Mr. Arjun Malhotra

Chairperson

As we complete our 29th year and move to the 30th year, we continue to make great strides in both charitable and private work, introducing cutting edge technology for both divisions.

We concluded the year with a combined private and community record of 29,435 Surgeries performed and 2,52,784 screenings. In comparison to the previous year (FY21-22) our surgeries increased by 26% from 23,364 surgeries and screenings by 33% from 1,89,454.

Since our founding in 1993, we have performed 3,80,323 surgeries and 46,23,726 screenings. Our secondary centres' Bhajanlal NTPC ICARE Eye Hospital in Dadri and Rotary Sewa Trust ICARE Eye Hospital in Khurja both contributing to the community work & the outreach programmes.

We have always ensured, we use the best-in-class technology & equipment. This year we inducted 18 types of new equipments like the latest WaveLight EX500 Contoura for LASIK, Revalia Microscope, Green LASER, OCT Cirrus etc across our clinical departments. These are all major enhancements and value add for our patients.

I take this opportunity to express my appreciation to our Donors, Patients, Dedicated Doctors & Staff who continually raise standards and ensure world class quality of care.

I wish you good health and thank you for being a part of ICARE's 29 Years Journey.

Best Wishes.

Dr. Sushil Choudhry

Managing Trustee

Completing 29 years is a significant achievement in the history of any institution. For us at ICARE, it has been a long road that has got us here.

Remaining true to our Vision, 60% of our work continues to be in community ophthalmology with 17,560 surgeries performed & 1,20,076 patients screened for the financial year 2022-2023. Since 1993 our community surgeries have been 2,62,369 out of a total of 3,80,323 surgeries i.e almost 70% our or surgeries are from community ophthalmology department.

Our robust outreach programme in a 200 KM radius conducted 636 free screening camps for the poor, 9966 patients received free medicines, 19303 received free spectacles & 5318 investigations.

The DNB programme one of the oldest in the region, along with our Eye Bank continues to be cornerstone of our academic commitment to the ophthalmology profession. We have also started a 6 month Optometry Internship Programme for graduate optometrists, to enable new graduates to enhance their clinical skills and make them Industry ready.

The Embassy of Japan once again and ICICI Bank Foundation contributed significant numbers of equipments for community investigations, as well as a first in India dedicated Retina clinic for the poor.

With these enhancements, I am confident ICARE, will continue to grow, and have a positive impact on society.

I thank all our Patients, Donors, Dedicated Doctors and Staff.

Best Wishes.

Mission

ICARE is committed to provide comprehensive quality ophthalmic services of International Standards to all sections of society at an affordable cost.

Vision

To excel in cutting edge technology in eye care, education and research in ophthalmology.

Value

To deliver quality, ethical medical and surgical eye care services.

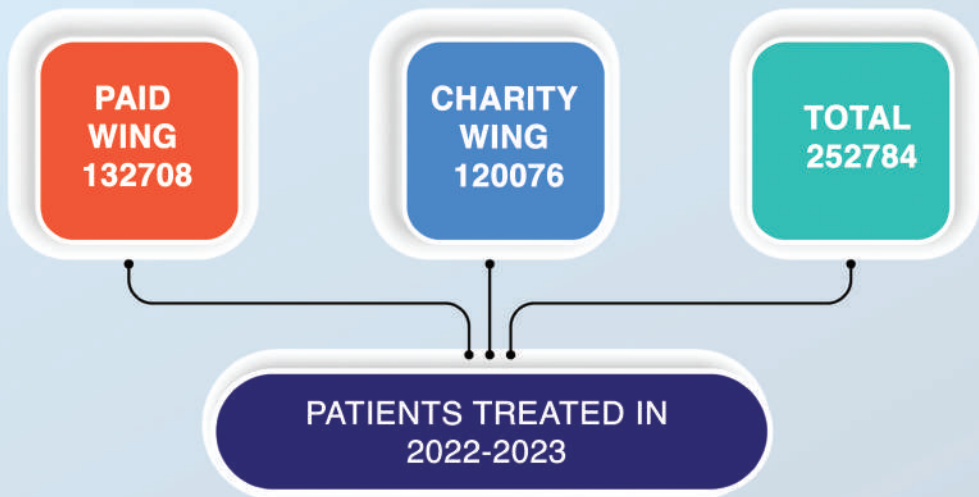

THEN & NOW

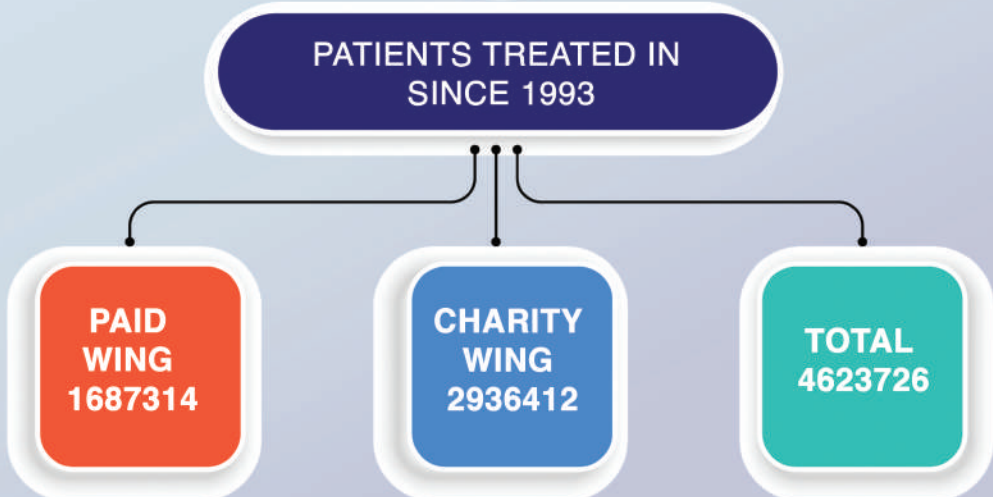

After the demise of Dr. Sushil Choudhry's mother, Smt. Ishwar Choudhry, he registered ICT - Ishwar Charitable Trust (ICT) in 1982 with the amount of Rs. 5000 she left as an insurance. It all started with a clinic from his residence at Panchsheel Park, Delhi in 1981 after seeing the ever-growing need of ophthalmic care for poor people in the remote and rural areas.

ICARE has come a long way to become a landmark hospital for eye related services in the last 29 years. His vision and dedication has made sure that ICARE has become one of the best eye hospitals offering state of the art facilities. We take pride in being a hospital with a heart.

2022-2023 AT A GLANCE

OPD

COMMUNITY WING

WALK- IN OPD

Patients from semi urban and rural surroundings requiring eye treatment reach to us in Free OPD section at the Base Hospital Noida, Secondary Hospitals at Khurja in Bullandshahr district, Dadri at Gautam Budh Nagar and Swai Madhopur at Rajasthan.

VISION CENTRE MODEL

ICARE adapted a new model of mobilizing beneficiaries from the Vision Centres to the Base and Secondary Centres for treatment and surgical intervention. The Vision Centre team organizes the patients' referrals to the hospital, reaching out to family members in the community, arranging transportation to the hospital, and systematically removing the barriers that kept the patient from receiving surgery. The combined effort of both the Vision Centres and the Base or Referral Hospital reduces the load of visual disability in the community.

CENTRES

Base Hospital ICARE Eye Hospital, Noida

Secondary Centres

Dadri Centre

Khurja Centre

Vision Centres

Vision Centre in Tahirpur, Delhi in Collaboration with Sight Savers

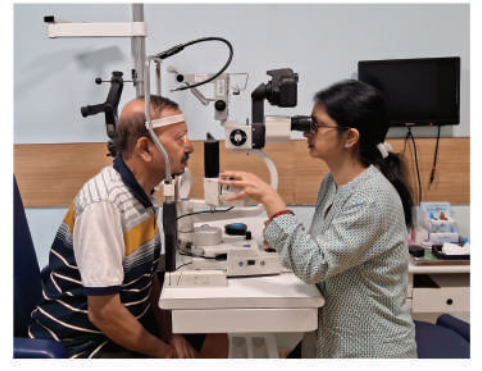

Raahi (Vision Centre in Faridabad in Collaboration with Sight Savers)

Shikarpur Vision Centre

CLINICAL DEPARTMENTS

CATARACT AND ANTERIOR SEGMENT SERVICES

ICARE is the first in Asia and the only Eye Hospital to have the new Legion Phaco system. The cataract team is dedicated and focused towards eradicating curable blindness caused by cataract. This year we performed record 11,704 surgeries. Lead by Dr. Saurabh Choudhry we train DNB students, we also train short and long term fellows in this ophthalmic sub specialty.

TEAM CATARACT

Dr. Saurabh Choudhry | Dr. Reena M Choudhry | Dr. Charu Tandon | Dr. Shalini Sharma
Dr. Puneet Gupta | Dr. Rita Hansaria | Dr. Jyoti Batra | Dr. Isha Vatsal | Dr. Metu Rajput
Dr. Dushyant Kumar Sharma | Dr. Hafsa Bashir | Dr. Suman Grover | Dr. Saurabh Jain
Dr. Sonali Verma

GLAUCOMA

Glaucoma is a subspecialty in ophthalmology which deals with eye diseases that damage the optic nerve and results in a decrease in field of vision. Glaucoma affects approximately 60 million people globally and is the second most common cause of blindness. Our glaucoma expert team provides full spectrum of care ranging from Medical therapy, Laser treatment, Traditional glaucoma surgery, Glaucoma valve implant to latest Minimally Invasive Glaucoma Surgeries (MIGS) for patients of all ages. We also provide training to ophthalmologists from different parts of country in glaucoma management and are part of ongoing research in glaucoma at national and international level.

TEAM GLAUCOMA

Dr. Reena M Choudhry | Dr. Rita Hansaria | Dr. Vinayak Bhatia | Dr. Isha Vatsal
Dr. Dushyant Kumar Sharma | Dr. Suman Grover

CORNEA

Cornea services at ICARE has well trained and experienced specialists. The department is aided by a well-equipped eye bank which is the only eye bank in Noida . A tear science lab is being established at ICARE which can diagnose and treat all types of ocular surface disorders including dry eyes. It has the latest technology in diagnostics such as the Lipiview and the latest treatment modality Lipiflow. Advanced diagnostic tools like the Pentacam, Orbscan, Specular Microscope and iTrace help diagnosis various corneal disorders. Highly specialized corneal surgeries including corneal transplantation, Femto Laser assisted corneal procedures are effectively performed by the corneal team. Autologous stem cell transplantation procedures such as simple limbal stem cell transplantation is also being done by our trained surgeons.

TEAM CORNEA

Dr. Uma Sridhar | Dr. Jyoti Batra | Dr. Hafsa Bashir

OCULOPLASTY

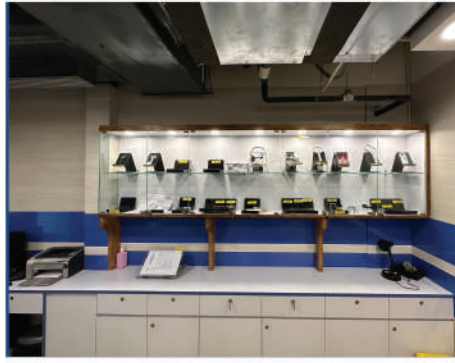

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aliquam sit amet felis non dui ultrices aliquam. In hac habitasse platea dictumst. Nulla egestas ante tortor, ut interdum tortor convallis id. Phasellus eu nisi augue. Vestibulum ante ipsum primis in faucibus orci luctus et ultrices posuere cubilia curae; Vestibulum vitae egestas neque, nec elementum metus. Pellentesque condimentum sit amet nibh nec pellentesque. Nunc bibendum nisi sapien, a mattis sem pellentesque laoreet. Aenean dapibus leo et orci egestas dignissim varius eu leo. Sed convallis justo id libero rhoncus rhoncus. Sed orci lectus, tristique sed orci non, pharetra aliquet dui.

TEAM OCULOPLASTY AND OCULAR ONCOLOGY

Dr. Nupur Goel | Dr. Surabhi Shalini

LOW VISION

In the last 29 years the optometry department has grown considerably, the current strength is 25. Ocular Tracey & Varion are state of the art facilities which have been added recently to cataract surgery department to give ultimate outcome. We added TMS - phoroptes in the OPD to give comfort and care to refractions where the vision chart is inbuilt. The department has developed its own software for vision therapy.

TEAM LOW VISION

Ms. Yogeshwari Bansal

RETINA

The Department of Vitreo Retina and Uvea services comprises of a team of experienced fellowship trained experts to deal with the most complex retinal and uveal diseases. The department has access to state of the art technology such as Indo Cyanine Green Angiography, Fundus Fluorescein Angiogram, Optical Coherence Tomography, Ocular Ultrasound, Retinal Lasers and advanced surgical systems such as Constellation with MIVS. The recently acquired Heidelberg Imaging System, the most advanced system in the world, has further augmented our diagnostic facilities, benefitting our patients. The Department has one of the most advanced Retinal services in Delhi-NCR and has a large referral base.

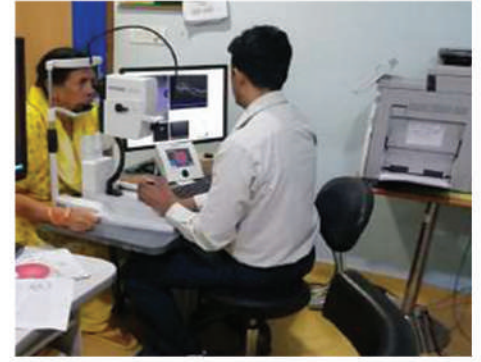

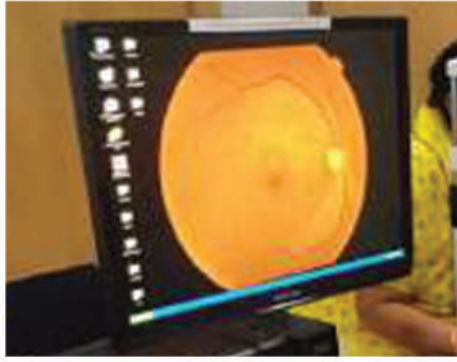

Diabetic Retinopathy Services: The Institute offers the entire range of facilities for the diagnosis and treatment of Diabetic Retinopathy. The department conducts regular patient education programs. The center is a tertiary referral center for the management of advanced diabetic retinopathy.

Retinopathy of Prematurity (ROP) Clinic: This condition which affects premature infants immediately after birth could be a blinding disease if not detected or left untreated at an early stage. Ophthalmologists trained in the treatment of ROP examine the eyes of premature infants in various neonatal centers in hospitals across the city and also in neighboring districts for early detection of this condition. The Institute provides laser treatment for this particular condition and also surgical expertise for advanced cases.

TEAM VITREO RETINA AND UVEA

Dr. Shahana Mazumdar | Dr. Prashant Jain | Dr. Priyanka Khandelwal | Dr. Ambarish Toshniwal
Dr. Vikram Vinayak Koundanya

NEURO OPHTHALMOLOGY

Neuro Ophthalmology is the subspecialty that deals with disorders of the optic nerve. Common disorders include Optic Neuritis, Ischemic Optic Neuropathies and Traumatic Optic Neuropathy. Diagnosis of these disorders requires electrophysiological tests such as VEP/ERG and EOG. At ICARE we have state of the art technology and trained doctors to help patients facing these issues.

TEAM NEURO OPHTHALMOLOGY

Dr. Shahana Muzumdar | Dr. Renu Grover | Dr. Geeta Srinivasan

PAEDIATRIC OPHTHALMOLOGY

The paediatric ophthalmology and strabismus department treats infants and children upto 16 years of age. The department is well equipped with facilities to manage disorders of vision including refractive errors (need for eye glasses), lazy eye, strabismus (squint/crossed eyes), eye infections, allergies, watering from the eyes due to blocked tear ducts and childhood cataracts and other disorders. The department co-manages disorders like lid-drooping and retinopathy of prematurity with other specialty departments. We also have a fully functional Orthoptic facility with computerized vision therapy to treat eye muscle weakness.

TEAM PAEDIATRIC OPHTHALMOLOGY AND STRABISMUS

Dr. Geeta Srinivasan
Dr. Renu Grover

REFRACTIVE SERVICES

In refractive services department we have a progressive team working diligently to provide freedom from spectacles. We provide Lasik , C -Lasik, ICL, PRK after conducting comprehensive tests to check the eligibility of the patient for a particular procedure. The team is led by Dr. Saurabh Choudhry and has experienced doctors. The department has also trained surgeons for Lasik Procedure. Lasik surgery helps correct vision issues, however reading glasses may still be required with age.

TEAM REFRACTIVE SERVICES

Dr. Saurabh Choudhry | Dr. Shalini Sharma | Dr. Jyoti Batra | Dr. Metu Rajput | Dr. Hafsa Bashir
Dr. Ambarish Toshniwal

VISION THERAPY

Vision therapy is a variety of treatments based around eyes exercises. Vision therapy is like physical therapy for the visual system, including the eyes and the parts of the brain that control vision. It can include the use of lenses & prisms. We at ICARE have trained ophthalmologists who conduct these therapies for improvement in vision, if required. Vision therapy can relieves symptoms and improve outcomes for avariety of vision problems including Amblyopic, Strabismus, Phorias & Eye Movement Disorders.

CLINICAL TRIAL

Clinical trials determine the safety and effectiveness of medications, devices, diagnostic products. These may be used for prevention, treatment, diagnosis or for relieving symptoms of a disease. During the trial, investigators recruit subjects with the predetermined characteristics, administer the treatment(s) and collect data on the subjects' health for a defined time period. These academic medical centers often have their Internal Institutional Review Boards/Ethics Committee that oversee the ethical conduct of medical research. ICARE Eye Hospital & Post Graduate Institute participating in various global clinical trials for ophthalmological indications by experienced investigators and plays a vital role in new drug development globally.

ICARE Eye Hospital & Post Graduate Institute participating in various global clinical trials for ophthalmological indications by experienced Investigators and plays a vital role in new drug development globally.

ICARE Eye Hospital & Post Graduate Institute Ethics Committee has been registered (EC/RENEW/INST/2019/3163) to Drug Controller General of India (DCGI) till June 2024

RESEARCH

ICARE Eye Hospital and Post Graduate Institute is committed to excellence in Academics and Research. We are a part of different multi-centre studies.

QUALITY

Quality assurance and accreditation play pivotal roles in healthcare, and their importance cannot be overstated. Standardized procedures and protocols ensure that every patient receives consistent and evidence-based care.

Hospital's accreditation: NABH

NABH Accreditation validity: Till 15 March 2025.

At present ICARE is in its 3rd cycle of NABH Accreditation. Reaching the 3rd cycle of NABH accreditation demonstrates that ICARE has consistently maintained and improved its quality standards over the years. It reflects our dedication to ongoing quality enhancement. Each cycle of NABH accreditation sets increasingly stringent standards for healthcare facilities. By successfully completing the 3rd cycle, we have shown our ability to meet and exceed these demanding criteria. It reinforces the trust patients have in our hospital. NABH accreditation often aligns with regulatory requirements. It ensures that ICARE is in compliance with essential healthcare regulations and standards, reducing the risk of legal issues. We regularly assess our quality management systems, engage in continuous improvement initiatives, and keep our staff updated with the latest healthcare practices. It ensures that ICARE not only maintains its accreditation but continues to excel in providing exceptional healthcare services.

PATIENTS FEEDBACK

ICARE actively seeks feedback from patients to continuously improve care quality and the patient experience. Different modes of capturing patient feedback are used like Patient feedback form, HMIS Software, Google reviews, Social media, Email etc.

In Jan 2023, QR codes for capturing google reviews was implemented. Regular monitoring of these reviews & a prompt response to both positive and negative reviews is done.

ICARE's Google review rating has improved from 3.8 to 4.1 over the last 6 months, and still increasing. This increase reflects our commitment to enhancing the patient experience and the quality of our healthcare services.

Excellent: efficient team from Dr Jyoti Batra(cornea specialist) to Dr Priyanka to Ekta at the doctor reception to Mr Rakesh who did OSA test: professional and patient. One is already uneasy when at hospital, they made one feel safe comfortable: answering questions, polite! No wonder my mother and I come reG to ICARE and recommend to all.

Thank you!
Warm regards

Had visited the hospital for my **LASIK eye surgery** with Dr Hafsa Bashir and it turned out to be the best decision of my life. The doctor, staff and everyone were so caring that the entire surgery felt seamless. Finally I can see from my own eyes after 25 years of wearing glasses..

A special heartfelt thanks to Dr Saurav and Mr. Ravinder.

Icare is my go-to place for anything ophthalmology! Let me begin by asking - how many times have you gone to a doctor / hospital and felt that you came back with queries unresolved and doubts that needed to be answered. The answer to this question for most people is almost always!

Additionally, I feel, that "care" in Healthcare, is sorely lacking in India possibly because of the volumes but also because soft skills are not taught in any medical school.

All of these perceptions completely transformed when I went to Icare several times over the past ten years for my septuagenarian parent or for my child or for my personal care.

From the initial billing, to the reception, to the initial eye check up to each one of the doctors, I AMAZED at the wonderful patient-centricity and soft- skills / behavior displayed by the staff.

Let's now come to the care-givers - The doctors and the Optometrists. Apart from excellent comprehensive explanations to expert level care, they go the full way to make the patient feel comfortable.

A recent example was of my own where Anuj Singh - an optometrist to whom I (vaguely) explained that I am facing an eyesight issue, painstakingly explained the issue to me after due diagnosis, explained possible solutions and ensured that I had the best possible outcome.

This is one of many interactions I have had at the hospital - the only commonality being - excellence!

Just to give you my background, I myself belong to the healthcare industry and have substantial exposure in dealing with hospitals and healthcare set-ups in my professional capacity and this review is as a patient / patient attendant.

Keep it up Team - Icare!

QUALITY

CLINICAL EXCELLENCE

Clinical excellence benefits patients, healthcare providers, and the healthcare system as a whole by ensuring safe, effective and efficient care delivery. ICARE has adopted cutting-edge technologies and participate in research studies, which can result in the discovery of new treatments and therapies.

Endophthalmitis Rate: 0.02% which is less than the Global prevalence of Endophthalmitis 0.04%-0.15%.

STAFF TRAINING AND DEVELOPMENT

New employees receive comprehensive orientation and on boarding to familiarize them with the hospital's policies, procedures, culture, and expectations. Healthcare professionals, including nurses, doctors, and technicians, undergo ongoing clinical training to stay updated on the latest medical advancements, treatment protocols, and best practices. Trainings are focus on providing patient-centered care, emphasizing empathy, active listening, and effective communication with patients and their families. Training in infection control measures and safety protocols is vital, especially in the context of global health concerns like infectious diseases.

Total Trainings done: 238
Mock Drills conducted: 18
Employee Satisfaction: 85%
New HMIS: Easy Solutions

The successful implementation of an HMIS: EASY Solutions was done in October 2022. Continuous monitoring and system optimization is done for maximizing the benefits and efficiency of the system in providing high-quality healthcare services.

Special Thanks to ICICI Bank Ltd and ICICI Foundation for donating medical equipments for retina investigation

We express our heartfelt thanks to ICICI Bank Ltd and ICICI Foundation for donating the medical equipment for the retina investigation that will greatly help us to treat needy patients suffering from Retinal Blindness.

The project was inaugurated on 17th February, 2023, at ICARE Eye Hospital & Postgraduate Institute (unit of Ishwar Charitable Trust) Noida, Uttar Pradesh. The project cost of Rs. 1,31,49,830/- with 17 important equipment has been handed over for the underprivileged patients of Ishwar Charitable Trust, Noida.

Chief Guest: Mr. Anuj Agarwal, COO (ICICI Foundation)

Other special guests: Mr. Sanjay Chaudhari (Zonal Head – Northwest, ICICI Foundation) Mr. Shantanu Sammadar (City Head, ICICI Bank, other ICICI Bank and ICICI Foundation officials) Dr. Sushil Choudhry (Managing Trustee, Ishwar Charitable Trust) Dr. Saurabh Choudhry (CEO of ICARE Eye Hospital) and other representatives of ICARE Eye Hospital, Noida.

EVENTS

MEDICAL EQUIPMENTS DONATED BY JAPAN EMBASSY

The inauguration ceremony for “The Project for Provision of Eye Medical Equipment for the Rural Underprivileged People, Noida, Uttar Pradesh” under Japan’s Grant Assistance for Grassroots Projects (GGP), was held on 19th April, 2022, at ICARE Eye Hospital & Postgraduate Institute (unit of Ishwar Charitable Trust) Noida, Uttar Pradesh. The project cost of Rs. 50,30,125/- for the equipment Sterrad 100S (Plasma Steriliser) from Johnson and Johnson and Carl Zeiss Classic Slit Lamp SL 115 with Applanation Tronometer has been handed over from the Government of Japan for the underprivileged patients of ICARE Eye Hospital, Noida.

Chief Guest: Minister Mr. Shingo Miyamoto, Economic and Development, Embassy of Japan in India.

Special guests: Mr. Ryuhei Nishi (First Secretary, Embassy of Japan in India), Ms. Babita (Project Coordinator - GGP), Ms. Yuka Aota (Economic Cooperation Assistant) and Dr. Sushil Choudhry (Managing Trustee, Ishwar Charitable Trust).

डायबिटिक रेटिनोपैथी से आंखों को गंभीर खतरा: डॉ. सौरभ

नोएडा (यूएनए). भारत में प्रतिशत और ग्लूकोस के बाद नवदिवस का तीव्र खतरा बड़ा कारण है डायबिटिक रेटिनोपैथी। उच्च जलवायु सेक्टर-26 स्थित आई केयर अस्पताल में आयोजित एक कार्यक्रम के दौरान डॉ. डॉ. सौरभ चौधरी ने डॉ. उन्होंने बताया कि लगभग 10-12 लाख एक डायबिटिक के डायबिटिक से पीड़ित 3 में से 1 मरीज डायबिटिक रेटिनोपैथी का शिकार हो जाते हैं। अगर समय पर उचित उपचार न मिलेगा तो मरीज की आंखों को गंभीर खतरा हो सकता है और वे अंधे हो सकते हैं। डॉ. सौरभ चौधरी ने बताया कि डायबिटिक रेटिनोपैथी एक गंभीर खतरा है जो आंखों को गंभीर खतरा दे सकता है। अगर इसे समय पर नहीं उपचारित किया जाता तो यह अंधापन का कारण बन सकता है। डॉ. सौरभ चौधरी ने बताया कि डायबिटिक रेटिनोपैथी एक गंभीर खतरा है जो आंखों को गंभीर खतरा दे सकता है। अगर इसे समय पर नहीं उपचारित किया जाता तो यह अंधापन का कारण बन सकता है।
