Mr. Arjun Malhotra

Chairperson

Happy 30th Year to ICARE! I have great satisfaction, in releasing our Annual report for Financial Year 2023-24.

Since our founding in 1993, we have performed 4,11,850 Surgeries and Screened 49,07,668 Patients.

ICARE has grown to a preeminent position as one of India's leading Tertiary Ophthalmology Centre, with over 60% of our work dedicated to the underprivileged and less served sections of society and country.

Technology has always been at the forefront of our mission and this year we inducted 20 new pieces of equipment like High speed steam sterilisers, Phaco Stellaris & Veritas, Revalia & Lumera Microscopes, Microkeratome, Yag laser with two lenses', Hiedelberg Anterior etc.

Our new Centre in Greater NOIDA West inaugurated in February, will bring world class eye care to a dynamic new section of this region.

I take this opportunity to express my appreciation to our Donors, Patients dedicated Doctors & Staff, who have worked continuously and dynamically throughout these last 3 decades.

I wish you good Health and thank you for being part of ICARE's 30 Year Journey.

Dr. Sushil Choudhry

Managing Trustee

30 Years Completed, achieving this milestone has been a dream fulfilled, especially as ICARE continues to do over 60% of it's work for underprivileged sections of society, providing them with world class Ophthalmic care, 1155 charity camps were conducted last year.

Our Academic programme started with the DNB programme in 2001, since then, we have trained a large number of Doctors and optometrists: 75 DNB students, Doctor Phaco Training 280, Doctor fellowship programme 26, Optometry: Graduate IGNOU programme 34, Optometrist fellowship training 5

We inaugurated our new Centre in Greater NOIDA (West) opposite City Plaza, Gaur City-1. Our Second floor IPD was completely renovated, giving our patients a comfortable and seamless experience. The secondary Centre in Dadri & Khurja continue to grow, with Dadri being expanded with the addition of a floor and one more OT.

We received two awards : Business Titan award from Dainik Jagran group and Eye Care Excellence from Apartment Times.

Thank You to our Donors & supremely Dedicated Doctors and Staff, for enabling our 30 Year journey.

Best Wishes.

Mission

ICARE is committed to provide comprehensive quality ophthalmic services of International Standards to all sections of society at an affordable cost.

01

Vision

To excel in cutting edge technology in eye care, education and research in ophthalmology.

02

Value

To deliver quality, ethical medical and surgical eye care services.

03

THEN & NOW

After the passing of Dr. Sushil Choudhry's mother, Smt. Ishwar Choudhry, he founded - Ishwar Charitable Trust (ICT) in 1982, using Rs. 5000 she left as a legacy. This journey began in 1981, when Dr. Choudhry recognized the pressing need for eye care among the underprivileged in rural areas, starting a clinic from his home in Panchsheel Park, Delhi.

It's been more than 30 years, ICARE has grown into a leading hospital for eye care services. Driven by Dr. Choudhry's vision and dedication, we are proud to offer state-of-the-art facilities and exceptional care. We not only provide medical excellence but also uphold a heartfelt commitment to our community.

We care @ ICARE!

COMMUNITY WING

WALK- IN OPD

Patients from semi urban and rural surroundings requiring eye treatment reach to us in Free OPD section at the Base Hospital, Noida and Secondary Hospital at Khurja in Bullandshahr district, Dadri at Gautam Budh Nagar.

VISION CENTRE MODEL

ICARE adapted a new model of mobilizing beneficiaries from the Vision Centres to the Base and Secondary Centres for treatment and surgical intervention. The Vision Centre team organizes the patients' referrals to the hospital, reaching out to family members in the community, arranging transportation to the hospital, and systematically removing the barriers that kept the patient from receiving surgery. The combined effort of both the Vision Centres and the Base or Referral Hospital reduces the load of visual disability in the community.

CENTRES

CLINICAL DEPARTMENTS

CATARACT AND ANTERIOR SEGMENT SERVICES

ICARE is the first in Asia and the only Eye Hospital to have the new Legion Phaco system. The cataract team is dedicated and focused towards eradicating curable blindness caused by cataract. This year we performed record 8,246 surgeries. Led by Dr. Saurabh Choudhry we train DNB students, we also train short and long term fellows in this ophthalmic sub specialty.

TEAM CATARACT

Dr. Saurabh Choudhry | Dr. Reena M Choudhry | Dr. Charu Tandon | Dr. Shalini Sharma
Dr. Puneet Gupta | Dr. Rita Hansaria | Dr. Jyoti Batra | Dr. Isha Vatsal | Dr. Metu Rajput
Dr. Dushyant Kumar Sharma | Dr. Hafsa Bashir | Dr. Suman Grover | Dr. Saurabh Jain
Dr. Sonali Verma | Dr. Monika Agarwal | Dr. Neetu Agarwal | Dr. Prashant Gupta

GLAUCOMA

Glaucoma is a subspecialty in ophthalmology which deals with eye diseases that damage the optic nerve and results in a decrease in field of vision. Glaucoma affects approximately 60 million people globally and is the second most common cause of blindness. Our glaucoma expert team provides full spectrum of care ranging from Medical therapy, Laser treatment, Traditional glaucoma surgery, Glaucoma valve implant to latest Minimally Invasive Glaucoma Surgeries (MIGS) for patients of all ages. We also provide training to ophthalmologists from different parts of country in glaucoma management and are part of ongoing research in glaucoma at national and international level.

TEAM GLAUCOMA

Dr. Reena M Choudhry | Dr. Rita Hansaria | Dr. Vinayak Bhatia | Dr. Isha Vatsal | Dr. Dushyant Kumar Sharma | Dr. Suman Grover | Dr. Monika Agarwal | Dr. Neetu Agarwal | Dr. Nisha Chaudhary

CORNEA

Cornea services at ICARE has well trained and experienced specialists. The department is aided by a well-equipped eye bank which is the only eye bank in Noida . A tear science lab is being established at ICARE which can diagnose and treat all types of ocular surface disorders including dry eyes. It has the latest technology in diagnostics such as the Lipiview and the latest treatment modality Lipiflow. Advanced diagnostic tools like the Pentacam, Orbscan, Specular Microscope and iTrace help diagnose various corneal disorders. Highly specialized corneal surgeries including corneal transplantation, Femto Laser assisted corneal procedures are effectively performed by the corneal team. Autologous stem cell transplantation procedures such as simple limbal stem cell transplantation is also being done by our trained surgeons.

TEAM CORNEA

Dr. Uma Sridhar | Dr. Jyoti Batra | Dr. Hafsa Bashir

OCULOPLASTY

Oculoplasty is the area of ophthalmology that focuses on the management of conditions related to eyelids, tear drainage system, bony eye socket and eye cancer. It also includes management of eyelid and facial twitches. Common eye condition treated by our Oculoplasty surgeons are eyelid cysts/ lumps, entropion, ectropion, ptosis, misdirected eyelashes, incomplete eye closure (lagophthalmos), DCR, enucleation/ evisceration (eye removal), surgery to improve fitting of artificial eye, orbital tumour, infection involving eyelids and orbit etc. Cosmetic procedures such as Botox for facial wrinkles and upper and lower eyelid blepharoplasty are being performed by our Oculoplasty surgeons.

TEAM OCULOPLASTY AND OCULAR ONCOLOGY

Dr. Nupur Goel | Dr. Surabhi Shalini

LOW VISION

In the last 30 years the optometry department has grown considerably, the current strength is 25. Ocular Tracey & Varion are state of the art facilities which have been added recently to cataract surgery department to give ultimate outcome. We added TMS - phoroptes in the OPD to give comfort and care to refractions where the vision chart is inbuilt. The department has developed its own software for vision therapy.

TEAM LOW VISION

Ms. Yogeshwari Bansal

RETINA

The Department of Vitreo Retina and Uvea services comprises of a team of experienced fellowship trained experts to deal with the most complex retinal and uveal diseases. The department has access to state of the art technology such as Indo Cyanine Green Angiography, Fundus Fluorescein Angiogram, Optical Coherence Tomography, Ocular Ultrasound, Retinal Lasers and advanced surgical systems such as Constellation with MIVS. The recently acquired Heidelberg Imaging System, the most advanced system in the world, has further augmented our diagnostic facilities, benefitting our patients. The Department has one of the most advanced Retinal services in Delhi-NCR and has a large referral base.

Diabetic Retinopathy Services: The Institute offers the entire range of facilities for the diagnosis and treatment of Diabetic Retinopathy. The department conducts regular patient education programs. The center is a tertiary referral center for the management of advanced diabetic retinopathy.

Retinopathy of Prematurity (ROP) Clinic: This condition which affects premature infants immediately after birth could be a blinding disease if not detected or left untreated at an early stage. Ophthalmologists trained in the treatment of ROP examine the eyes of premature infants in various neonatal centers in hospitals across the city and also in neighboring districts for early detection of this condition. The Institute provides laser treatment for this particular condition and also surgical expertise for advanced cases.

TEAM VITREO RETINA AND UVEA

Dr. Shahana Mazumdar | Dr. Prashant Jain | Dr. Priyanka Khandelwal | Dr. Ambarish Toshniwal
Dr. Vikram Vinayak Koundanya | Dr. Harpreet Kaur Narde

NEURO OPHTHALMOLOGY

Neuro Ophthalmology is the subspecialty that deals with disorders of the optic nerve. Common disorders include Optic Neuritis, Ischemic Optic Neuropathies and Traumatic Optic Neuropathy. Diagnosis of these disorders requires electrophysiological tests such as VEP/ERG and EOG.

At ICARE we have state of the art technology and trained doctors to help patients facing these issues.

TEAM NEURO OPHTHALMOLOGY

Dr. Shahana Muzumdar | Dr. Renu Grover | Dr. Geeta Srinivasan

PAEDIATRIC OPHTHALMOLOGY

The paediatric ophthalmology and strabismus department treats infants and children upto 16 years of age. The department is well equipped with facilities to manage disorders of vision including refractive errors (need for eye glasses), lazy eye, strabismus (squint/crossed eyes), eye infections, allergies, watering from the eyes due to blocked tear ducts and childhood cataracts and other disorders. The department co-manages disorders like lid-drooping and retinopathy of prematurity with other specialty departments. We also have a fully functional Orthoptic facility with computerized vision therapy to treat eye muscle weakness.

TEAM PAEDIATRIC OPHTHALMOLOGY AND STRABISMUS

Dr. Geetha Srinivasan | Dr. Renu Grover

REFRACTIVE SERVICES

In refractive services department we have a progressive team working diligently to provide freedom from spectacles. We provide Lasik , C -Lasik, ICL, PRK after conducting comprehensive tests to check the eligibility of the patient for a particular procedure. The team is led by Dr. Saurabh Choudhry and has experienced doctors. The department has also trained surgeons for Lasik Procedure. Lasik surgery helps correct vision issues, however reading glasses may still be required with age.

TEAM REFRACTIVE SERVICES

Dr. Saurabh Choudhry | Dr. Shalini Sharma | Dr. Jyoti Batra | Dr. Metu Rajput | Dr. Hafsa Bashir
Dr. Ambarish Toshniwal

VISION THERAPY

Vision therapy is a variety of treatments based around eyes exercises. Vision therapy is like physical therapy for the visual system, including the eyes and the parts of the brain that control vision. It can include the use of lenses & prisms. We at ICARE have trained ophthalmologists who conduct these therapies for improvement in vision, if required. Vision therapy can relieve symptoms and improve outcomes for a variety of vision problems including Amblyopic, Strabismus, Phorias & Eye Movement Disorders.

CLINICAL TRIAL

Clinical trials determine the safety and effectiveness of medications, devices, diagnostic products. These may be used for prevention, treatment, diagnosis or for relieving symptoms of a disease. During the trial, investigators recruit subjects with the predetermined characteristics, administer the treatment(s) and collect data on the subjects' health for a defined time period. These academic medical centers often have their Internal Institutional Review Boards/Ethics Committee that oversee the ethical conduct of medical research. ICARE Eye Hospital & Post Graduate Institute is participating in various global clinical trials for ophthalmological indications by experienced investigators and plays a vital role in new drug development globally.

ICARE Eye Hospital & Post Graduate Institute is participating in various global clinical trials for ophthalmological indications by experienced Investigators and plays a vital role in new drug development globally.

ICARE Eye Hospital & Post Graduate Institute Ethics Committee has been registered (EC/RENEW/INST/2019/3163) to Drug Controller General of India (DCGI) till June 2024

RESEARCH

ICARE Eye Hospital and Post Graduate Institute is committed to excellence in Academics and Research. We are a part of different multi-centre studies.

QUALITY

Quality assurance and accreditation play pivotal roles in healthcare, and their importance cannot be overstated. Standardized procedures and protocols ensure that every patient receives consistent and evidence-based care.

ICARE is currently in its 3rd cycle of NABH accreditation. This milestone highlights our consistent efforts to maintain and enhance quality standards over the years, reflecting our dedication to continuous improvement. Each cycle of NABH accreditation introduces increasingly stringent benchmarks for healthcare facilities. Successfully completing the 3rd cycle demonstrates our ability to meet and surpass these rigorous standards, further strengthening patient trust in our hospital. NABH accreditation also ensures that ICARE aligns with essential healthcare regulations, reducing the risk of legal complications. Our commitment to quality is evident through regular assessments of our management systems, continuous improvement initiatives, and the ongoing training of our staff in the latest healthcare practices. This approach enables us to not only maintain our accreditation but also continue providing exceptional healthcare services.

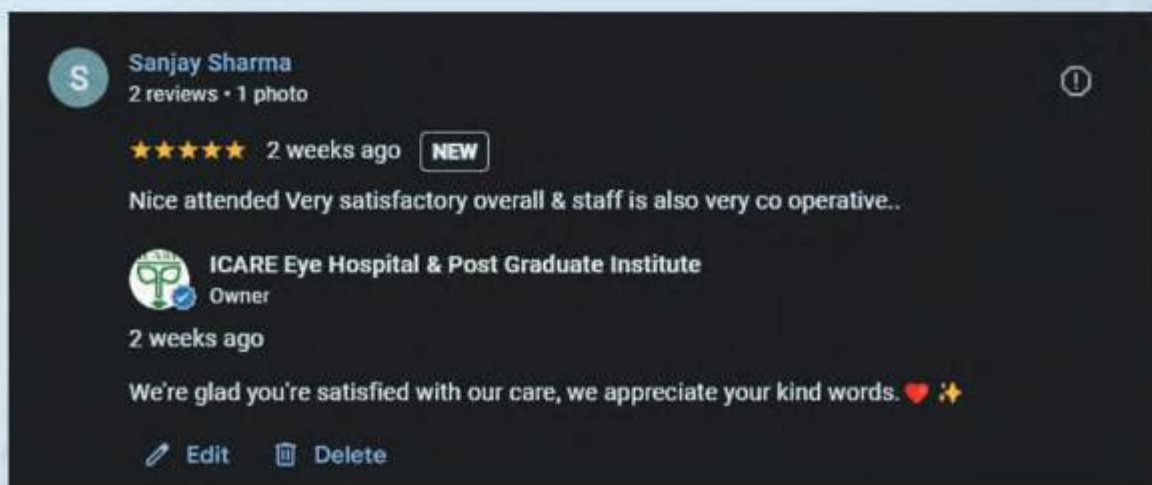

PATIENTS FEEDBACK

ICARE actively seeks feedback from patients to continuously improve care quality and the patient experience. Different modes of capturing patient feedback are used like Patient feedback form, HMIS Software, Google reviews, Social media, Email etc.

QR codes for capturing google reviews was implemented. Regular monitoring of these reviews & a prompt response to both positive and negative reviews is done.

ICARE's Google review rating has improved from 4.1 to 4.3 over the last 6 months, and still increasing. This increase reflects our commitment to enhancing the patient experience and the quality of our healthcare services.

QUALITY

CLINICAL EXCELLENCE

Clinical excellence benefits patients, healthcare providers, and the healthcare system as a whole by ensuring safe, effective and efficient care delivery. ICARE has adopted cutting-edge technologies and participate in research studies, which can result in the discovery of new treatments and therapies.

STAFF TRAINING AND DEVELOPMENT

New employees receive comprehensive orientation and on boarding to familiarize them with the hospital's policies, procedures, culture, and expectations. Healthcare professionals, including nurses, doctors, and technicians, undergo ongoing clinical training to stay updated on the latest medical advancements, treatment protocols, and best practices. Trainings are focused on providing patient-centered care, emphasizing empathy, active listening, and effective communication with patients and their families. Training in infection control measures and safety protocols is vital, especially in the context of global health concerns like infectious diseases.

Total Trainings done: 196

Mock Drills conducted: 18

Employee Satisfaction: 78%

Almost everything was fine. The staff were good, and the eye check-up doctor was skilled at their work. However, the consulting doctors did not provide me with the consultation I needed. I had some queries that I didn't get a chance to discuss with the doctor.

I want to extend my heartfelt gratitude to Dr. Prashant Jain and his exceptional team for their tireless efforts in treating my mother, who had almost lost her vision. Thanks to their continuous care and multiple surgeries, we now have hope that my mother will be able to see the world again.

The entire staff at the hospital has been incredibly cordial and cooperative throughout this journey. I would especially like to thank the Private Nursing Department for their dedication and attentiveness, which made a huge difference in my mother's recovery. Their compassion and professionalism have been truly remarkable, and we are deeply thankful for their support.
